

KNOW, WHAT, HOW, LEARNT GRID (KWHL)

When beginning a unit of work, the KWHL grid will

- help you to identify what you know about the topic
- help you to see what gaps there are in your knowledge
- organise your thoughts to work out what resources you need and how you will collect the required information.
- help you to reflect on what you have learnt and how you can apply it to new situations. Best done at the end of the topic.

PHOTOCOPY AS REQUIRED

KWHL GRID – Topic

What I Know? (Brainstorm Known Facts)										
What I Need to Know? (Gaps in Knowledge)										
How will I find it? (Searching)										
What Have I Learnt? (Reflections on New Understandings)										

“Being ignorant is not so much a shame as being unwilling to learn.” Benjamin Franklin.
