

# WHERE TO DO HOMEWORK

To learn well **at home** you must have a **special place** to work.

It has to be

- quiet with good lighting
- warm and comfortable
- not near the T.V. or loud music
- away from noisy brothers and sisters.

**Make sure** you have pens, paper and what you need there.

## NUMBER SKILLS

1.  $6 \times 8$

## DID YOU KNOW THAT ?

The ruggedness of Australia's coastline made it necessary to build lighthouses to warn ships of danger from reefs and rocks. There are over 250 lighthouses in Australia with nearly all of them being automatic and unmanned. The Macquarie lighthouse was Australia's first, built on Sydney's South Head in 1817 and designed by Francis Greenway.
